## ▶▶ Autotrans vehicle moving process

We pride ourselves on making the transport process simple and easy to understand every step of the way. To assist you in choosing Autotrans we list the following for your reference:

### Preparing your motorbike for transport

- ▶ Due to our high operating standards, please note that we do not transport goods in vehicles therefore, any loose personal items in storage compartments / panniers should be removed.
- ▶ Wide mirrors should be folded back, lowered or removed.

### Vehicle inspections

- ▶ Prior to transporting your motorbike, an Autotrans representative will conduct a Vehicle Condition Report. This inspection documents the condition of your motorbike prior to transport and is used as a reference at the time of collection / delivery.
- ▶ As a national transporter, all motorbikes are subject to national quarantine laws and must be clean and free from any plant or animal matter.

### Payment options

All bookings must be pre-paid prior to transport. We accept all major credit cards, EFT, bank cheque or money order and Eftpos (at depot locations only).
